Junior Chapter FHA Presents Fashion Show

Have you observed the high cost of living lately? You've probably been disturbed by this problem as we, the Junior Chapter Future Homemakers of America, has been.

Instead of sitting around talking about the problem, we junior members decided to get up and do something about it. The way we decided to cope with this problem was to make our own clothes. Each 8th grade member picked out material, pattern and accessories. The members of the Junior Chapter were responsible for making two garments in class and one at home.

After all the hard work, it seemed worthwhile to have a fashion show for our monthly meeting in May ... and that's what we did, the 8th grade members.

Pam Ford, president, presided over the business meeting.
